

Transferring your membership to AMT

The Association of Massage Therapists (AMT) advocates vigorously on behalf of our members to advance the profile and standing of massage therapists, and promote the health benefits of massage therapy.

Transferring to AMT is a lot easier than you think. We will need to determine the currency of your provider status with the private health funds before we can process a transfer.

Please complete the transfer provider number information form [here](#) and submit it along with a copy of your qualification and health fund letter of compliance if you have one.

If you have provider status with the private health funds, we can transfer your numbers across without interruption to your practice or your clients.

Once we have assessed your transfer provider number information form and confirmed your provider status, we will inform you if you are eligible to transfer.

If you are eligible to transfer, you will then need to complete the membership application form online [here](#).

What documents do I need to supply with my AMT application form?

AMT requires the following documents to make your transfer happen:

- A copy of your national police history check certificate
- A copy of your massage qualification and academic transcript
- A copy of your current Association Membership certificate
- A copy of your HLT First Aid certificate
- A copy of your insurance certificate of currency

You will need to retain your current association membership for six weeks when you apply to AMT, to allow all your existing numbers to be transferred across smoothly and without interruption to client claims.

If you hold pre-HLT qualifications or are being grandfathered by the health funds we cannot guarantee you will be able to be re-registered if you let your membership/provider status lapse before you have transferred over.

Please call our Head Office on 02 9211 2441 or email info@amt.org.au so we can help you determine whether you are eligible to transfer your membership to us.
