## Training package news

As a result of the Complementary Health Industry Forecast submitted earlier this year, the Department of Education has committed funding to review our current Certificate IV and Diploma qualifications, and to develop a new health training package qualification at Advanced Diploma level..

Nominations are now open for the Massage Therapy Technical Advisory Committee (TAC).

The objectives of the Massage Therapy TAC will be to contribute to the update and development of the following qualifications within the HLT Health Training Package, ensuring that appropriate content relating to Massage Therapy is included:

- Update HLT42015 Certificate IV in Massage Therapy
- Update HLT52015 Diploma of Remedial Massage
- Develop a new Advanced Diploma.

The TAC will be required to provide input and guidance on required updates to Units of Competency.

The TAC will consist of 8 members:

- 2 Industry Reference Committee representative peak bodies
- 6 industry practitioners
- 2 Registered Training Organisations (public or private) currently delivering massage qualifications.

Expressions of interest in nominating for the TAC are open **until 5pm AEST on Friday 13 September 2019:**
